- Youngstown State University** Youngstown, Ohio
Master of Sciences - Mathematics and Statistics; GPA: 3.85 August 2016 - August 2018
Courses: Advanced Data Analysis, Mathematical Statistics, Bayesian Statistics, Linear Models, Design and Analysis of Experiments, Advanced Linear Algebra, Real Analysis, Abstract Algebra
- Kwame Nkrumah University of Science and Technology** Kumasi, Ghana
Bachelor of Sciences - Statistics and Actuarial Science; GPA: 3.26 August 2006 - July 2010
Courses: Numerical Analysis, Advanced Calculus, Vector Analysis, Stochastic Processes, Mathematical Economics, Loss Models, Risk Management, Operations Research, Corporate Finance, Differential Equations, Statistics and Probability

PROFESSIONAL CERTIFICATIONS

- Society Of Actuaries:** Passed Exam FM (Financial Mathematics)
- Society Of Actuaries:** Passed Exam P (Probability)

EXPERIENCE

Department Of Mathematics Florida State University
Graduate Administrative Assistant Jan 2019 - May 2020

- Grader:** Graded courses including Long Term Actuarial Mathematics, Financial Mathematics, Advanced Linear Algebra.
- General Administrative Duties:** Assisted the Departmental chair with data analysis and management of students record using Excel and Tableau.

Department Of Mathematics Youngstown State University
Graduate Teaching Assistant Aug 2016 - Aug 2018

- Instructor:** Taught Pre-Calculus and College Algebra for two academic years. Held tutorial sessions for students struggling with Calculus and Statistics at the Mathematics Assistance Centre.
- General Administrative Duties:** Performed a comparative data analysis on students success rate for two instructional formats (online and in-class) using R and SAS.

Ghana Statistical Service. Accra, Ghana
Census Officer (Part-time, Contractual) September 2010 - December 2010

- On-field duties:** Employed strategic demographic and economic data collection skills during the 2010 Population and Housing Census
- Off-field duties:** Assessed quality control levels on selected addresses, determined which samples passed or failed and maintained records for quality control verification

PROJECTS

- Modeling and Forecasting Daily Average Temperature for Weather Derivative Pricing:** Two models (deterministic and stochastic) were fit to a fifty-year old daily average temperature to trace the movement and behavior of outside air temperature in Youngstown, Ohio. The stochastic model gave better predicted estimates. Tools: Excel, R
- Pricing Temperature Options Using Monte Carlo Methods:** Pricing was done using Crude Monte Carlo (MC) and Quasi Monte Carlo (QMC) Methods. The price estimates for each method were compared to those of the theoretical method (Equivalent Martingale measure approach). The QMC produced better price estimates at different strike levels. Tools: C++, Python
- Bi-weekly Computational Mathematics Projects:** Used theoretical and practical numerical techniques to analyze, design, implement and evaluate robust numerical algorithms including polynomial interpolation, numerical differentiation and integration, ordinary differential equations, solving linear and nonlinear systems. Tools: C++, MATLAB, Latex

Hillsborough Community College	Oct 2019 – Dec 2020
<i>Associate of Arts – Business Administration</i>	
<i>GPA: 4.0</i>	

PROFESSIONAL ACTIVITIES

Florida State University Actuarial Club	Jan 2021 – Present
<i>Member</i>	
Sitting in for SOA Exam FM	Jun 2021

WORK EXPERIENCE

Golden Properties Property Management	
<i>Admin Assistant</i>	Sep 2018 – present
(I helped to find, rent, and maintain houses for family rental property business.)	
Vetcare Village	Aug 2016 – Aug 2018
<i>Veterinary Assistant</i>	
(I sold pet wellness plans and insurance plans; assisted with admin work, surgery and exams.)	

I worked several years in the pet industry to help pay for my college and living expenses. I took on progressively more responsibility and advanced from part time to full time. I left to attend school full time. I still assist with the family rental property business. These jobs helped me to see first-hand how these businesses were run and learn some of the various factors and risks that owners consider in making business decisions.
